

RESULTS

2019 Oregon State Doubles Tournament

March 16 & 17

Salem, Oregon

Lancaster Courthouse Athletic Club

Following are the results from the tournament which was completed yesterday in Salem, Oregon. We had 68 individuals entered in a variety of events. This was by far the largest State Tournament held in Salem in the last 12 years. The R2 sports software was used to manage the tournament without a single conflict. I should also note that the 21 ball was used for all small ball events without a single broken ball and we had several hard hitters playing.

The recent addition to the USHA Board of Directors representing the Northwest Region, Bob DeVleming, was also in attendance and assisted with the tournament administration.

Tournament Highlights:

- While Dalton Beall and Cody Townsend repeated (many times) as State Champions they were pushed to the tie breaker by runner ups Conor Casey and Josh Bateman in a very entertaining match.
- We welcomed the return of Jeff Kastner to our tournament and he showed he hasn't lost much as he teamed with his wife Jean to prevail in the Mixed Doubles.
- Coach Steinberg gave his usual sparkling performance on the court and brought 16 students from the Pacific University team to compete in the tournament.
- We also had a University of Oregon student and a Chemeketa Community College student participating in the tournament for a total of 18 students.....they really light up the tournament with their competitive spirit, enthusiasm, and camaraderie.
- The Alten Handball Foundation continues to support Oregon handball by subsidizing entry fees for all of the students.

Special Thanks:

- Cheryl Chastain for her hospitality support and for being my lovely wife..turns out that we forgot that our anniversary coincided with the tournament.
- Bob and Lynn DeVleming for assisting with tournament administration, hospitality management, and for being good friends.
- Josh Reese for his tolerance and assistance with managing registration and setting up the tournament venue.
- Angel Frutos with tournament setup and clean up.
- Dana Ikard Zeimantz for her help with hospitality and for keeping her dad (me) more calm.
- Nick Flores for assisting me with a few R2 sports glitches and with tournament seeding.
